PRINCE'S MEAD

A word from Adam King, the Headmaster:

Thank you so much for your interest in this role at Prince's Mead.

Prince's Mead is an ambitious, vibrant and exciting school with a tremendous spirit where, above all, happiness reigns.

Situated on the outskirts of Winchester, the school is ideally placed to benefit from the cultural heritage of a historical city as well as enjoy the scenic countryside of the beautiful Itchen Valley.

I am now into my third year of headship at Prince's Mead and still firmly believe that it is a truly special place with a caring and supportive community. The Crown Values are the bedrock of the school and the purpose and aims of the school provide strong direction. Together, the Governors work closely with myself, the Bursar and the Senior Leadership Team (SLT) to provide a strategy and implementation plan to make the school the best it can be.

Most recently, we have rolled out one-to-one devices (together with a new VLE), expanded our provision of Forest School and extended the teaching of Drama throughout the school. The Pre-Senior Baccalaureate (PSB) framework is embedded throughout the school and has, without doubt, raised the attainment of every pupil.

I hope you enjoy reading this information pack, browsing our website and looking at our social media posts. It's a very exciting time to be joining the team at Prince's Mead and I look forward to receiving your application.

Kind regards,

Adam King
Headmaster

PRINCE'S MEAD

BACKGROUND TO THE SCHOOL

Founded in 1949 in Winchester, Prince's Mead is a co-educational day preparatory school for children aged 3 to 11. These characteristics allow it to stand out from other independent schools in the area and place it in a unique position to enable children to move on to a wide variety of secondary schools and particularly the very good 11+ day schools in Hampshire and beyond. Senior school destinations are never prescriptive, however, and the school works closely with parents to prepare children for the full range of possible choices.

Prince's Mead is located in a glorious setting, occupying Worthy Park House; a large former Georgian residence dating back to 1820. With wonderful views across the Itchen Valley, the twelve acres of grounds complement the house and provide a perfect setting for delivering education as well as an impressive sport offering and other co-curricular activities. Enhancements have included a multipurpose sports hall, music practice rooms and the latest development of four new classrooms and a modern kitchen and dining hall (completed in 2019). This latter work has also allowed for the redevelopment of the Coach House in order to provide an Early Years facility, which is proving highly popular. Focusing on our teaching provision we are pleased to be rolling out the Pre-Senior Baccaulaureate (PSB) model and our exciting investment in a Virtual Learning Platform and personal devices.

Prince's Mead is very strong academically and offers a fantastic breadth in its curriculum. There are dedicated classrooms for Science, ICT, DT and Art. Music is important both in the classroom and through peripatetic music teachers. The school is known for its outdoor education and has its own Forest School in Gray's Wood. Children experience several day trips throughout the year and by the end of their time here will have climbed two mountain peaks in the UK. Prince's Mead is the only prep school in the country to climb two mountains! Many more details about the curriculum and extra-curricular offerings are available on the school's website at princesmeadschool.org.uk.

The school is the only independent school in the area to operate a free minibus service in the mornings and afternoons. The red minibuses have become iconic in the local community to

PRINCE'S MEAD

assist with travel. The school currently has over 290 children on roll and there are exciting plans to develop the buildings and facilities further.

The school met all standards of regulatory compliance when it was inspected by the Independent Schools Inspectorate (ISI) in May 2023 and was found to be excellent in all areas of the Integrated Inspection.
